

Leelanau Conservancy

*Conserving the Land, Water and
Scenic Character of Leelanau County*

Leelanau Forever Campaign Report and 2014 Annual Report

Thoughts From Our Chairman

Looking back over last year I see endings - beautiful endings, each one of which is at once an ending and also a beginning - promising beginnings which will carry our Conservancy into the future.

The Leelanau Forever Campaign, begun five years ago, was successfully completed at the end of 2014. Because of your generous support, our Conservancy was able to protect natural lands and farmlands here in Leelanau, lands that will sustain future generations. The deferred gifts pledged during the campaign [which our Conservancy will receive over the next three decades] will help us steward those precious lands, helping us fulfill our obligations to those future generations.

We have committed nearly all of the monies in hand today to complete natural land and farmland projects started during the campaign years. As we continue to work with owners of natural lands and farmlands who want to preserve their land in perpetuity, we will roll up our sleeves, and seek funding to make those dreams a reality. The ending of the Leelanau Forever Campaign is the beginning of fundraising as usual. So our work goes on, thanks to your continuing support.

Another ending from last year is more poignant. Shortly after our Conservancy started, 26 years ago, Brian Price became our Executive Director. Very shortly after that his wife, Susan, joined the Conservancy staff. Since then they have been the team so ably leading our Conservancy. While Brian retired at the end of last year,

Susan continues to help us as we seek to fill her role. We will not find another Susan, just as we did not find another Brian.

Tom Nelson, our new Executive Director, will lead us into the future, using his own talents, his love of Leelanau, his passion for the mission of our Conservancy, his concerns for the people of Leelanau. This is a fecund beginning for Tom, for the Conservancy, for our Leelanau.

As we reflect on the past and look to the future, I am so grateful to you, our members, our supporters. Without you, nothing our Conservancy did would have been done, and nothing our Conservancy wants to do will be done. I thank you, Leelanau thanks you. You make our Conservancy possible.

Larry Mawby
Chairman of the Board

Executive Director's Message

The "Hoosier Poet," James Whitcomb Riley once wrote:

O the days gone by! O the days gone by!

The apples in the orchard and the pathway through the rye...

When the bloom was on the clover and the blue was in the sky

And my happy heart brimmed over in the days gone by

Penned in the early 1890s, Riley's poem was in part a richly-adorned memory of a favorite landscape, lovingly recalled, and part lament for its loss. But here in Leelanau, we know the blooms of the orchard and the pathway through the rye—not to mention the ones through the verdant woods, the tawny ribbons of sand along our sparkling shores, and the starry sky...one might say. How profoundly grateful are we that we needn't reach back for such memories? Even our children and grandchildren can still say they know the loveliness of many such pathways, orchards and shores today. This is a thought that's really worth pondering for a moment or two.

For those of us who believe that Leelanau's future should essentially look and feel like its past and its present, Leelanau Forever is really the perfect name for this never-ending labor of love to preserve and steward this special place. In the sweep of history, many a human-built monument has crumbled to dust for want of care and stewardship. With respect to Leelanau County, we gratefully have two awe-inspiring forces on our side. We have Mother Nature—a comfort indeed. And, no less formidable, we have all of you—our Conservancy Family.

For those of us who have taken it upon ourselves to carry this torch to preserve what we cherish, it is our collective task to march forward with a certain sense of duty to Leelanau's timelessness. The place we know and love has changed through the centuries and decades. And yet, the essence of what is

truly enriching to our spirits endures—but only as long as we care enough to sustain it. And persevere we must.

There are many possible futures ahead. The strength of the Conservancy and its mission in protecting the timelessness of Leelanau comes from each of us on our own terms. Be it protecting a swath of lush forest, a

centennial farm or that ribbon of shoreline—we cannot do this without you. Nor would we wish to. For we are on this pathway together, and together we will continue to give our utmost to ensure that our collective "happy hearts continue to brim over" with the conviction that Leelanau as we know it will be everlasting.

Here's to both the blooms of days gone by and those sure to come—thanks to you.

A stylized, handwritten signature in black ink that reads "Tom".

Thomas Nelson
Executive Director

Ken Scott

Twenty-five family farms were protected over the five-year Leelanau Forever Campaign.

Leelanau Forever... Together!

2014 marked the successful end of the five-year **Leelanau Forever Campaign**, raising \$21,285,676 in cash, pledges and deferred gifts. With the help of our generous members we were able to accomplish our goals of protecting Leelanau's natural landscapes and farming heritage, while ensuring our long term vitality and ability to uphold our conservation obligations.

Leelanau Forever Campaign Spurs Land Protection Efforts

Five years ago we embarked on an ambitious campaign called Leelanau Forever, aimed at preserving our natural legacy and working lands. The plan called for making sure that the most important parts of the Leelanau Peninsula unique mosaic would remain intact for future generations. The goal: to raise \$21 million to protect natural lands and farmland and to strengthen our endowment in order to ensure our long term vitality and ability to care for the lands we protect.

We're happy to report that thanks to 2,749 generous donors, we met that goal. Of the \$21,285,676 raised, \$13 million in cash and pledges began yielding land protection results immediately. An astounding 58 projects all over Leelanau that preserve wetland and dunes, streams and shoreline, forest and farmland were completed because of our Leelanau Forever donors. Places like the Swanson Preserve, Hatlem Creek Preserve and Clay Cliffs Natural Area were created and today are open to the public to explore and enjoy.

One of the goals of the Campaign was to connect, expand or buffer protected lands in order to provide critical conservation corridors for the movement of plants and wildlife. Another goal was to conserve those lands that are critical to the water quality of our lakes and streams. Thanks to the success of the Campaign, in the last five years the Lake Leelanau Narrows Preserve, Houdek Dunes, Kehl Lake, and the Cedar River Preserve all grew in size. We also protected private lands that buffer DeYoung Natural Area with conservation easements.

Also included in the Campaign success story are 25 preserved family farms, which will be available to future generations of young farmers. As you know, Leelanau is home to some of the best orchard land in the world. Agriculture drives our local economy, providing hundreds of jobs and also contributes significantly to Leelanau's vibrant tourist economy. Iconic farms like the Olsen farm in Bohemian Valley, the beautiful Esch farm near Leland, and the Spinniken farm near Suttons Bay are just a few of the great projects that happened as a result of the Campaign.

And finally, just over 8 million of our campaign gifts are deferred gifts which will help fund future projects and our endowments giving us the ability to properly steward our natural areas.

It's pretty amazing, when you think of it, what we've been able to accomplish together. We know that you share our joy in preserving these places which help to define the essence of Leelanau. And we hope you'll be with us as we look toward the future. Even though the Campaign is over, our work is not. Leelanau Forever...Together—our Campaign slogan—is an effort that must carry on.

In the pages that follow, hear about lands protected as a result of this effort, and from some of the donors to the Campaign, and why they gave.

Ken Scott captures the Sedlacek farm on a misty morning. The Campaign ensured that this farm—and this view--will be available to future generations.

Leelanau Forever... Together!

A report to our Community

Natural Lands: Preserving Wildlife Corridors, Forests, Shoreline, Wetlands

No single feature makes this peninsula so special, but rather everything taken together: the majestic hardwood forests, beloved beaches, family farms and the landscape carved long ago by glaciers. Understanding the connection between these pieces, we know that if we lose just one, the landscape will never be the same.

Our finest resources must remain connected to the larger landscape, providing critical conservation corridors for the movement of plants and wildlife.

Some of the overarching goals of the Campaign were to prevent fragmentation, protect land that maintains the water quality of our spectacular lakes and streams and expand and enhance our existing natural areas by protecting land that buffers them. Houdek Dunes, the Lake Leelanau Narrows, Cedar River and Kehl Lake Natural Area all grew thanks to the Campaign, improving their effectiveness as habitat, providing peaceful refuges and undisturbed, cherished views.

These beautiful showy lady slippers are just one of the 207 plant species found at Swanson Preserve. The delicate wetlands and 2,000 feet of natural shoreline were preserved in 2011, thanks to the Leelanau Forever Campaign

Clay Cliffs Natural Area... a dream come true thanks to Campaign donors. This rare clay bluff, 104 acres and 1,700 feet of shoreline on Lake Michigan and Lake Leelanau will be enjoyed by generations to come.

Why We Gave

Jeff and Nancy Fisher

My siblings and I all grew up enjoying the summers in Leelanau. As a youngster, I can remember walking up Whaleback with my Dad, or along the shore, picnicking by boat in Good Harbor, fishing on Lake Leelanau or in Fishtown. We would spend entire days outside playing on the beach and exploring in Indiana Woods, walking out the door, joining up with our cousins, and not return until dinner time. It was one of those childhood fantasies to live where you vacation and in 1972 I was able to make that dream a reality. We moved to Leelanau and I was the branch manager of (then) Empire Bank for seven years. The fact that my siblings and I grew up here in the summers, spending time out west at camps in the mountains, working on my uncle's ranch in New Mexico, and in the cherry orchards, gave us a great appreciation for nature.

Nancy's introduction to Leelanau, as a youngster, was by way of vacationing at the Dutmer's cottages on Glen Lake. Being on the water, enjoying all that it offers as kids...well it was just something that Nancy and I really wanted to be able to pass on to our kids—that love and respect for the outdoors. And I guess we did. Our five grown children and 12 grandkids are very much into the outdoors.

We chose to live in Leelanau County because of its beauty, rich history, and all it offers. We value what Larry and Jacque Verdier, Ed and Bobbie Collins, my parents and others started here, and wanted to be a part of it. Once the land is all developed, there's no going back. The Leelanau Forever Campaign was just a great opportunity to be able to make sure everything that we love about Leelanau—places like the Clay Cliffs—is here long after we're gone.

Leelanau Forever... Together!

A report to our Community

Farmland: Preserving Leelanau's Agricultural Heritage

Leelanau is home to a unique agricultural resource: some of the best orchard land in the world. More tart cherries are grown in Leelanau than in any other county in the nation. Farms help drive our economy and are part of our way of life. Leelanau farms bring in more than \$33 million each year, and employ more than 1,600 people. Agriculture contributes significantly to Leelanau's annual \$77 million tourism economy.

Today, fragmentation threatens the farming landscape and economic sustainability of our farms. Since 1990, Leelanau has lost over 20% of its farmland including world-class fruit growing sites. The average age of our farmers tells us we must work together to help the next generation carry on our farming

heritage.

Among the goals of the campaign: to purchase conservation easements from interested farmers, to strengthen relationships with farm families by establishing Conservation Agreements and to engage in partnerships to help farm families improve profitability and to assist in the intergenerational transfer of farms.

As a result of the campaign, 25 family farms totaling 3,100 acres were preserved, including the 217-acre Hohnke farm, the 172 acre Spinniken farm and 506 acres owned by the Glen Noonan family.

Aaron Spinniken (on tractor) and his parents Nancy and Alan. The Leelanau Forever Campaign protected 172 acres of their fruit farm near Suttons Bay.

The farms listed above are protected by conservation easements and are not open to the public.

Why We Gave

We began coming to Leelanau County in 1989 with our children and Jennie's parents Gershon and Suzie Berkson. We rented cottages on Good Harbor Bay near the National Lakeshore. Gershon and Suzie were familiar with Leland as a result of several sailing journeys they had made in earlier years and thought it would be a nice place for us to vacation as a family. We rented those cottages for seven years and the magical times we shared there with our extended family formed the basis of our love for the area.

Jennie Berkson and David Edelstein

Our family continued to explore Leelanau County through stays at other establishments until we were in the very fortunate position to buy some property and build our own home.

The presence of Houdek Dunes adjacent to our property was a huge incentive for our purchase and was our introduction to the important work of the Conservancy. The involvement of neighbors in the organization furthered our commitment and we donated 1% of the purchase price of our property as our first investment in the preservation of the natural lands of the County.

Our interest in farmland evolved over more recent years as we became more committed to the importance of developing and supporting local food sources. In addition to funding these efforts through the Conservancy, we are devotees of the County's farmers' markets and own a 50 acre property in Northport which we are working with local farmers to make productive.

We support the Conservancy's efforts to preserve the natural assets of the peninsula both for selfish and communal reasons. We view our support of farmland and stewardship as integral parts of the same approach. We are concerned about present and future needs that require support in a sustainable manner. Our ability to survive as individuals and as a community depends on the continuance and expansion of local food sources and places to explore and be in nature.

Leelanau County is a unique environment, the nature of which has been thoughtfully maintained by those who came before us. We feel the responsibility to do the same for ourselves, our family and the wider community now and into the future.

Leelanau Forever... Together!

A report to our Community

Stewardship: Caring for the land

Why We Gave

Success in preserving our cherished landscapes brings responsibility along with it. When we create a natural area or sign a conservation easement, we make a commitment in perpetuity to protect and care for that land. One of the goals of the Campaign was to build funds to ensure our long term vitality and ability to uphold these obligations.

Stewardship funds raised during the Campaign will help with the diligent and perpetual care of our natural areas, and to create opportunities for visitors to hike and enjoy. The vast majority of the land we protect, however, remains in private ownership, through permanent legal agreements called conservation easements. Stewardship of these lands per the terms of each conservation easement is an ongoing obligation. In rare instances, legal steps may need to be taken to protect habitat for future generations.

Cara grew up visiting the small cottages her grandfather had built in the 1940s on Glen Lake every summer. When we met in college she boasted about what a wonderful place it was. Everything she said was true! As our children grew and we decided to consider a vacation home, we knew it had to be in Leelanau County and we hoped it could be on Glen Lake. We were fortunate to find the right property on Little Glen and we have spent as much of the summer there as possible ever since.

Cara and Dave Cassard

I was privileged to serve as a Board member of the Leelanau Conservancy for six years and as Treasurer for part of that time. I saw up close the skill of the Staff and Board, and the time, talent and energy employed in determining the preservation priorities the Leelanau Conservancy should pursue in coming years. When we were asked to consider donating to the "Leelanau Forever" Campaign we were quick to designate our contribution to the "Where Most Needed" category because we know the current and future Boards and staff are best equipped to determine where funds are best used. Because circumstances change over time we believe the Board must have the flexibility to make funding choices based on current facts and we trust them to do so very effectively.

The boardwalk through Swanson Preserve, one of the signature projects of the Leelanau Forever Campaign.

Endowment: Upholding our Conservation Obligations in Perpetuity

“The things we’ve accomplished can’t be undone.” These were words spoken by Brian Price during a staff pot luck on his last day as Executive Director, December 31st. Brian led the five-year Leelanau Forever Campaign and presided over the last 26 years. “One of the things I do love about this organization is that it can make big plans, keep chipping away at them and can actually accomplish them,” he added.

Protecting land in perpetuity depends on a solid Endowment Fund that ensures our long term vitality and ability to uphold our conservation obligations. Gifts directed

to our permanent endowment provide income to support our mission. Such steady, predictable funding streams are critical to our success, helping to smooth bumps in the economy and supplement operational or land protection funding needs. Supporting the Endowment Fund is a permanent, lasting way to provide on-going and essential support to conserve the land, water and scenic character of Leelanau County.

Houdek Creek, which can be seen from an observation deck at Houdek Dunes Natural Area. This natural area expanded by 37 acres during the Leelanau Forever Campaign, with three separate projects that protect this fragile creek, which flows into Lake Leelanau.

Why We Gave

We became involved with the Conservancy in 1987 when we moved into our home adjacent to Houdek Dunes. At the time, Houdek Dunes was being pursued for a golf course development. We viewed that as a miss-use of this spectacular

Craig and Nancy Miller

land. Because of the Leelanau Conservancy, and a united effort, Houdek Dunes is now a beautiful natural area that we and so many other people enjoy. After that, it became apparent that we wanted to become more involved. We have served on the Board, sat on committees, helped with coastal monitoring, and aided in fundraising efforts. The collective efforts of staff and members have contributed greatly to the protection of the “land, water and scenic character” of Leelanau County. We participated in this successful campaign so that future generations will enjoy and love the Leelanau we know today.

The Campaign funded the creation of three new natural areas for the public to enjoy, including Hatlem Creek Preserve, home to a rare marl spring. The fragile Hatlem Creek area includes habitat for the endangered Michigan monkey flower, and the creek is the prime tributary to Glen Lake.

Two projects on Cedar Lake were funded by the Campaign that protects 1,690 feet of natural shoreline, including the Goss family's 13-acre conservation easement.

Family Ties at Houdek Dunes

Houdek Dunes, with its 100-year old birch trees and beautiful dunes of all types, is one of our most popular natural areas. Thanks to a generous summer family with deep Leland roots, the natural area grew by nearly 30 acres at the end of 2014 when three siblings donated critical wetland adjacent to it.

The donors are the late William John (Jack) Mead, Frank Mead, III, and their sister, Edith (Edie) Mead Holway, who grew up spending summers in Leland. Jack passed away just after the gift was made. Frank and Edie say they donated the land to honor their father, John Mead, and uncle, Frank Mead.

"Dad and his brother were both great fishermen," says Frank Mead III. "We would fish wonderful streams all over the area, from the Boardman to the Platte, as well as a terrific pond up in the hills between Provemont and Suttons Bay which was stocked by the county."

Edie surmises her father and uncle bought the land because they were enamored with Houdek Creek, which runs through it—and is a spawning area for trout. "I think they had this idealistic notion that they would fish there and come home with a mother lode of trout," says Edie. The property, then as now, is wild and tangled.

The 30-acre land donation protects 3,200 feet of stream frontage along fragile Houdek Creek at the Houdek Dunes Natural Area.

"It was tough fishing, very narrow, with trees everywhere," adds Frank. "All you could really do was toss a line out. They never cleared it like someone might to make it more accessible."

That's a good thing for the brookies these men loved to catch. The dense shaded thicket provides prime habitat for fish and other wildlife that thrive here. "Houdek Creek is the largest tributary stream flowing into North Lake Leelanau," says Matt Heiman, Director of Land Protection. "This groundwater-fed trout stream is buffered by healthy wetland complexes over much of its course. The dense wetland helps provide critical habitat and maintain very high water quality, which in turn helps maintain the overall health of the lake." The property contains at

Mead Clan Fishing (1979): Left to Right Frank Mead Jr, John Mead, Jack Mead, and Allen Mead.

least 3,200 feet of stream; however, the vast network of braided stream channels deep in the forest makes it nearly impossible to determine the exact frontage. The property also borders M-22 and therefore protects additional frontage on the designated Scenic Heritage Route. "We're extremely grateful to the family for making this amazing gift to the Conservancy," adds Matt.

Houdek Dunes is already one of our largest natural areas at 370 acres, second only to the Cedar River. It is located four miles north of Leland, where the Mead families have vacationed for generations. Both sets of grandparents spent their summers in Leland. John and Sybil (Stafford) Mead—Frank, Jack, and Edie's parents—met in Leland in 1924 at age 14 and a summer romance ultimately resulted in their marriage in 1935. Frank says his parents travelled north by train to Traverse City, then boarded a steamer ship near Fouch Landing. After a short trip up Lake Leelanau, they docked along the Leland River at what is now the Riverside Inn.

When he was a teenager, Frank says friends would meet at the village lakeside park (now the marina parking lot) and "have our soda pop until the sun went down. I loved Fishtown and would go every morning when the boats returned and watch them unload the daily catch."

"I adore Leland," adds Edie, who like Frank, lives in Boston. "It's a place where our family, which is scattered all across the country, gathers every summer."

This past July, Frank and his daughter, Kristina Mead Vetter, visited Houdek Dunes for the first time. She is a marine biologist from California, with two young daughters "who love to hike," says Frank. "We had heard about the wonderful old birch trees there, and loved the little overlook of the stream. We had a great time and it made Kristina and me feel very pleased about what my siblings and I were doing."

2014 Annual Report: Upcoming Events

Spring and Summer Hike Schedule

Our Docents have some fantastic hikes on tap to take you through spring and summer at several of our natural areas. Details about the hikes are posted at leelanauconservancy.org, along with a sign up link. Our weekly emails also remind members about hike and event opportunities, so if you aren't already on our email list, please sign up! Just call Carolyn (231-256-9665) or email cfaught@leelanauconservancy.org to get on the list.

Workbees at our Natural Areas

Projects aplenty are on tap at our natural areas and your help is needed! If you love to be outdoors, meet new friends and enjoy physical work, please consider helping out at one of our many workbees this season. Our stewardship staff is putting together a schedule now of workbees and trainings which will be posted at leelanauconservancy.org. Again, our weekly emails detail all workbees and volunteer opportunities, so make sure you are on our list! (See above.)

Volunteer Opportunities

In addition to the workbees mentioned above, we have other volunteer opportunities. You can work at our Picnic, serve on our Auction Committee, work with our water sampling group, help out in our office with mailings and more. Tell us about your interests by filling out our Volunteer Questionnaire. Find it by clicking on the Volunteer tab at leelanauconservancy.org.

Summer Sustainers Gathering

Wednesday, July 1st, 5 pm Location TBA

Our Annual Friends Picnic and Auction will be held on Thursday, August 6th at the Chippewa Run Natural Area in Empire. The Picnic begins at 5 p.m., with pre-Picnic hikes and field trips held in the afternoon. Expect great local food and wine, the fantastic Kids Tent and a fun and creative Auction. If you would like to help underwrite this "event of the summer," join our fun and creative Picnic-Auction Committee or donate an item to the Auction, email cfaught@leelanauconservancy.org or call Carolyn Fought, 231-256-9665.

Shallow-rooted cedars overturned by the wind at the Jeff Lamont Preserve, seen on a spring time docent-led hike last year.

Bass Lake Shoreline Protected

The Conservancy, supported by our West Grand Traverse Bay Protection Grant from the MDEQ, has purchased a conservation easement on 89 acres of beautiful and ecologically significant land that forms the headwaters of Belanger Creek on Bass Lake near Omena. The landowner, who wishes to remain anonymous, has generously donated a portion of the conservation easement value to help the Conservancy meet the MDEQ's grant match requirements. The project protects over 3,100 feet of undeveloped shoreline, a mature hardwood forest stand, 22 acres of wetland and over 1,000 feet of stream frontage on Belanger Creek. This conservation easement will maintain critical fish and wildlife habitat and connects to a natural greenway along the Belanger Creek valley. The project is also located near other protected lands, creating a significant conservation corridor.

A significant part of Bass Lake shoreline—over a half mile—has been preserved with a conservation easement.

2014 Annual Report: Year in Review

1 beloved Executive Director—Brian Price—stepped down at the end of 2014 after leading the organization for the last 26 years.

1,000 photos were posted on our Why Leelanau photo blog as of year end, including this panorama from Trish Petrat taken from the Clay Cliffs meadow.

771 gifts were made online in 2014; my how the world has changed!

150 people donated an item or experience to our Auction, helping to raise funds and make for an exciting event.

470 feet of boardwalk were laid this year for a new Universal Access trail at DeYoung Natural Area, slated to open spring of 2015.

198 students visited our Natural Areas during Conservancy-led outings.

11 people/families joined our Heritage Society, and have included the Leelanau Conservancy in their will or estate plan. The Heritage Society's membership climbed to 133.

533 people attended hikes with docents like Marsha Buehler (l) and Mary Smart (center)

22 is the number of years that our wonderful Wildflower Rescue Committee has been holding their Annual Plant Sale on the Village Green over Memorial Weekend, raising funds to care for the Green.

216 acres of the Ben Hohnke Farm were preserved, keeping this working cherry farm with its spectacular views of Pyramid Point intact.

2014 Annual Report: Every Number Tells A Story

Ken Scott

154 conservation easements were monitored this year and many miles walked—a task that must happen annually.

3 Natural Areas were officially opened to the public this year: Clay Cliffs and the Hatlem Creek and Swanson Preserves.

800 plus members attended our Annual Friends Picnic at the beautiful Gregory Top of the World, including the Ron Brooks Family

3,996 volunteer hours were logged by 360 wonderful volunteers like Julie Baran.

61 individuals/families joined our Sustainers Circle in 2014 for a total of 578 Sustainers—a group that funds the lion's share of our operating expense.

Ken Scott

22 gorgeous photos of Leelanau Conservancy protected lands by Ken Scott hung at a Dennon Museum exhibit that ran last fall showing the public just how beautiful it is in Leelanau.

1 gorgeous overlook hosted hundreds of visitors at Clay Cliffs Natural Area after it was built last fall.

51 caspian tern nests (a threatened species) were counted on Gull Island.

2 Speaker Series events this year concluded our two-year series of exploring topics important to Leelanau. Over 600 people attended the series.

Lifetime Donor Recognition

RICHARD O. RISTINE HERITAGE SOCIETY

The Heritage Society recognizes donors who have shared in the mission of the Leelanau Conservancy by making a gift through a will, bequest, trust, annuity, insurance or other planned or deferred gift. This important group is helping to ensure the long term financial capabilities of the Conservancy. If you would like information about making a planned gift, contact Leslee Spraggins.

GIFTS OF LAND OR DEVELOPMENT RIGHTS

This list recognizes people who have made a gift of land or development rights through an outright gift or bargain sale. Thanks in part to the generosity of these donors, the Leelanau Conservancy can ensure significantly more land and water conservation for every dollar raised. The names below reflect all such donors from our founding in 1988. .

FOUNDERS SOCIETY AS OF 12-31-2014

The Founders Society recognizes those donors whose generous and long term support has resulted in cumulative lifetime giving of \$25,000 or more to any variety of funds. Please note, the amounts listed do not contain planned gifts such as Charitable Remainder Unitrusts. Many of the individuals listed have also made plans for significant contributions to the Leelanau Conservancy through their estate plans.

Wildflower Rescue Plant Sale Memorial Day Weekend!

Spring is coming, and so is our annual Wildflower Rescue Plant Sale on the Village Green in Leland. Now is your chance to purchase native ferns, trillium and more along with a selection of native trees and shrubs provided by locally owned Four Season Nursery, who will be on hand to answer questions about going native. Sale begins Friday, May 22nd and runs 9 a.m. to 4 p.m. on both Friday and Saturday. All proceeds help maintain the Village Green and assist with other Conservancy projects.

The Wildflower Rescue Committee continually seeks new sites on which to dig. If you are building a home, driveway, addition, or know of someone who is, please contact the WRC so they may have a chance to remove these precious wildflowers before the excavators arrive! Contact Patty Shea: 256-9249 or Joanie Woods: 256-7154.
